

Title: Equipment Storage-Clinical Simulation Center

Policy
 No.: 8.02

Date: 8/1/2015
 Rev.:

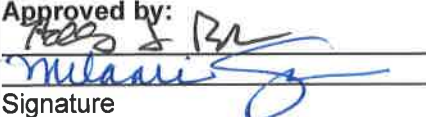

Areas Affected: All BSMCON

Page 1 of 1

Policy Statement

Secure location(s) will be provided for the storage of simulation equipment and supplies. The location(s) will be in a temperature controlled environment to preserve longevity. Equipment and supplies stored in these locations will be appropriately stored per manufacturer guidelines and meet regulatory compliance with regard to storage safety. All Clinical Simulation Center personnel shall have access to the location(s) and may grant Health system educators and faculty access on a per case basis.
