

**This Catalog Addendum  
references the 2022-2023  
academic year.**

June 21, 2023

The content contained in this addendum is specifically related to student services information referenced on page 90 of the current 2022-2023 College Catalog, effective June 21, 2023.

## Student Services

A broad array of quality services are offered to students. In most cases, students “self-identify” the need for the services and contact the respective offices of their own accord. Faculty or other appropriate individuals at the College may refer students for services. (Student Success advising and New Student Orientation are required of each student.) While the responsibility for success at our College rests with the student, the College is dedicated to offering quality services to assist students in achieving their academic and career goals. All students can access resources and communications through various avenues including email, Blackboard, phone, Zoom and, at times, in person.

Services for all students encompass student success advising and support to help students meet their educational goals. The Center for Student Success is comprised of a director, success advisors, peer academic support, and test proctors. Student Success partners with the administration in these efforts of student support.

Student Success oversees academic advising and counseling, peer academic support services (PASS), student access and accommodation services (SAAS), referrals for personal counseling and needs-based programming (individual and group workshops addressing study skills, test taking strategies, time management, stress management and related topics).

Students are assigned their success advisor during the enrollment process and participate in an introductory advising session as a part of the student on-boarding process through new student orientation. Success advisors work individually with students at the start of their nursing education and throughout their entire academic journey. Advisors also ensure a response to students in a reasonable timeframe, no longer than 48 business hours.

They assist students in developing skills and strategies which foster independence: active learning, academic success, progression, timely degree completion, and achievement of their education goals. Advisors serve as a vital connection between the student and the college resources available and support relationship building with faculty. The success advisors consult with faculty on the Orientation class for new students each semester. Success advising is required of each student.
