

Title: Nursing Student Dress Code	Policy No.: NUR 1.04	Date: 12/17/08 Rev.: 8/13/09, 8/1/13, 8/1/14, 8/1/2017, 8/1/2018
-----------------------------------	----------------------	--

Areas Affected: All BSMCON Students

## NURSING STUDENT DRESS CODE

### Purpose:

To ensure that students uphold the high standards of the Bon Secours Health System and the Bon Secours Memorial College of Nursing by demonstrating professionalism in both appearance and behavior.

### Policy Statement:

This policy applies to students when they are in any College educational setting. ***Students who fail to adhere to this dress code may be asked to leave the class, clinical simulation center, or the clinical setting until the necessary changes have been made.***

### On-campus (classroom) Dress Code

1. While on-campus, a clean and well cared for appearance should be maintained. Identification badges should be worn as described below.
2. Clothing is considered inappropriate when it is strapless, backless, revealing, or shows the midriff. Dresses, skirts, and shorts should be no shorter than the finger tips with arms at sides. Camisoles or spaghetti strap shirts are not appropriate. Underclothing (panties, briefs, bra straps, etc.) should not be visible.

### Pre-licensure Clinical Dress Code and Equipment Requirements

1. Approved uniform with college insignia patch centered two inches from the left shoulder seam of all tops, dresses, and/or scrub jacket. The College of Nursing's white scrub jacket may be worn over the uniform. The clinical uniform may **only** be worn in the clinical setting, Clinical Simulation Center, and the College.
2. Bon Secours-issued identification badge - badges are worn above the waist in an upright, readable position at all times or on a Bon Secours-issued lanyard. The name and photo must be visible at all times. Where applicable, identification badges may not be required ***or may be modified as appropriate*** in some settings due to infection control procedures or safety precautions (i.e., Surgery). Students must wear the identification badge properly at all other times while on duty and at the College.

Reference Policy # \_\_\_\_\_

<b>Approved by:</b>   Signature	Dean of Nursing Provost/VP Title	6/4/2018 6.19.18 Date
<b>Approval History:</b> Committees and Dates: AD of Student Services - 8/00 Dean of Nursing - 2/13/13, 5/8/2014, 11/14/2016 Policy Committee - 11/19/12, 2/13/13, 5/19/2014, 11/21/2016, 5/14/2018		
Key words: Dress code		

3. Additional “title badge” provided by the college designating “Student” shall be worn so as to be in plain view under the identification badge.
4. Shoes must be clean, all white leather or majority white synthetic leather with a closed toe. White shoes must be polished and have clean laces. Shoes and shoe laces must be in good condition, clean at all times and free from stains. Shoe laces must be same color as shoes.
5. Solid white socks or white stockings are part of the uniform.
6. While in clinical uniform, a limited amount of jewelry is allowed; however, it may not pose a safety hazard, infection control risk, or interfere with patient care. Students may wear a watch and a wedding band with an engagement ring unless prohibited by infection control policies. Students may wear up to two earrings only in each earlobe in matching sets. Earrings should not be oversized or extend more than ¼” below the ear lobe. Ear gauges are not permitted. No more than 1-2 necklaces may be worn. Facial and other body jewelry or piercings are not acceptable. If the jewelry is unable to be removed, then it must be covered with a bandage.
7. Visible tattoos are allowed as long as they are not offensive or profane as determined by faculty and/or administration.
8. Hair must be kept clean and neatly styled. If hair is beyond shoulder length it should be worn in a ponytail or otherwise pulled back. Any extreme look is not permitted. Unnaturally colored hair or glittered hair spray is not permitted. If headbands are worn, they must be clean and a white or neutral color.
9. Fingernails should be kept clean, well-groomed, and no longer than the tip of the finger. If polish is worn, moderate, subdued colors should be selected and should be maintained without cracks or chips. Multicolored nails or extremes in color are not permitted. Use of artificial nails or extenders (glue-on, acrylic, or press-on types) is not permitted. Artificial nails are defined as anything other than natural fingernails. Nail jewelry is not permitted.
10. Male students may have a short, well-groomed beard, mustache, or goatee and must wear a white crew neck undershirt under the uniform.
11. Hats are not permitted while in uniform unless for safety, sanitation, or infection control purposes.
12. Undergarments (slips, bras, briefs, boxers, camisoles, and panties) are required in coordination with outerwear, but may not be visible through clothing and must be covered entirely by clothing.
13. Make-up and perfumes/colognes should be subtle. Make-up may be worn in soft shades that complement natural skin tones. Students should wear subtle perfumes/colognes/deodorant due to close contact with others. Some clinical areas may prohibit all scents if they pose a hazard to patients or coworkers.
14. Students must carry a stethoscope and wear a watch with second hand in the clinical and simulation center settings unless otherwise directed by faculty.
15. Gum chewing is not permitted.
16. Exceptions may be made for religious beliefs as long as attire does not interfere with patient care or present a safety hazard.
17. Guidelines for Observational/Specialty Experiences: For courses involving specialty or observational clinical areas, the College uniform must be worn to the specialty area and changed to the specified scrubs or attire. Some courses may require street clothing for observational/clinical experiences. The course syllabus/clinical faculty for such courses will outline the appropriate dress for these experiences.

### Guidelines for Post-Licensure Students

The course syllabus and faculty for practicum courses will outline the appropriate dress for practicum experiences. Bon Secours-issued identification badge - badges are worn above the waist in an upright, readable position at all times or on a Bon Secours-issued lanyard. The name and

photo must be visible at all times. Where applicable, identification badges may not be required **or may be modified as appropriate** in some settings due to infection control procedures or safety precautions (i.e., Surgery).

#### Open Lab Hours in the Clinical Simulation Center

Students are permitted in the CSC during open lab hours for practice in street clothes. Students must have on their identification badge at all times while in the CSC.
